

Software Testing for an Operational Risk Management Solution

Client

A US based ISV providing Operational Risk Management Solutions to large enterprises.

The Challenge

The client has to bring out new releases of their much-demanded product in time, satisfying their customers' expectations. They were on the look out for a competent offshore Software Testing partner who can work in sync with their development and testing teams on a continuous basis. This will enable them to deliver quality software in a rigid time frame giving thrust to development of core as well as customized versions of the product.

Solution

The client selected Cordiant as its QA partner because of our domain expertise and proven track record in Software Testing. Cordiant has been successfully delivering testing services on a continuous basis for our client. Our seasoned test engineers perform functional and performance tests on the new versions (Generic and Customized versions) of the product, track issues and report them to the client through collaboration and bug tracking tools. The status reports are sent to the client on a daily basis, to enable them to track and decide on the next course of action immediately.

The testing expertise provided by Cordiant includes the following:

- » Test case creation/ modification
- » Testing activity
 - Regression Test
 - Test Case Execution
 - General Smoke test
 - BAT (Build Acceptance Test) Execution
 - Exploratory Test
 - Security Test
 - Data Validation Test
- » Automated Testing
 - Functional Test
 - Performance Test

Our constant and clear communication helps the client fix defects inline with the development plan; and subsequently release the versions as scheduled.

Technologies

- JMeter
- Mercury QuickTest Professional
- Oracle/ DB2
- WebSphere/ Weblogic/ JBoss
- Windows/ Linux

About Cordiant

Founded in 1995, Cordiant Technologies builds globally aligned India teams for Independent Software Vendors worldwide. Cordiant has offshore product development centers in Chennai and Kochi, Southern India; and a US subsidiary in Princeton, NJ.
